RSPA

connecting the Point of Sale technology ecosystem

2016-2017 COMMITTEES

Committees are the lifeline between RSPA and our members. It's a way for members to get involved, share their expertise and help to make the association even stronger. It's a fantastic way to have your voice heard and make a difference in the evolution of the point of sale and retail technology industry.

We encourage all members to review the active committee list, find one that interests you and learn more about how you can participate. For additional information on the expectations and meeting requirements for each committee, please contact the Committee Chair, listed below.
