FOR IMMEDIATE RELEASE

## RSPA Announces Winter 2009 Education Schedule

Charlotte, NC—December 22, 2008 – Charlotte, NC - The Retail Solutions Providers Association, the only association dedicated to the retail technology industry, is announcing the Winter 2009 Education Schedule featuring a combination of on-line education sessions and on-site courses. The 2009 Winter Education Schedule will take place January 6 through March 26, 2009. Educating the industry is RSPA's priority mission. In keeping focus with that mission, the RSPA Education Department has put together six on-line education sessions and two on-site education courses ranging in topics pertinent to all levels of retail technology industry professionals.

"I am happy to announce RSPA's Winter Schedule of Education because you will see two new series of on-line sessions," said Lauren Stark, RSPA's Education Coordinator. "The first in a four-part series, *ChannelCorp intelligence*, is designed to spark conversation following a series of articles in our **connect** magazine scheduled in March. I'm also excited to share some of my prior Microsoft training experience with the membership by launching a *Microsoft Office Help Desk Series* which will focus on basic skills, tips, and tricks to make you more productive."

RSPA members may also access previous on-line education sessions by visiting the on-demand section of the RSPA website under the Education tab, or by typing into [GoRSPA.org/OnDemand](http://GoRSPA.org/OnDemand) to your Internet browser.
