PayiQ

ISOs

Payments Designed for ISOs

Advanced Tools That Streamline Operations and Drive Profits

More than a true end-to-end processor that supplies everything you need to run your business, PayiQ's ISO program has been designed to allow you focus on selling. We offer flexible ISO programs built around your needs with true scalability.

Let PayiQ give you a new level of command and control with an innovative suite of automated tools for pro-actively managing:

Agents and referral partners
- Risk and merchant reserves
- Chargebacks
- Residual calculations and payments paid on a customized timeline
- New merchant activation with auto approvals

Simplify your business with flexibility
- Optional merchant statement layouts
- Customized reporting
- Robust partner dashboard for portfolio management
- Late cutoff times for next-day funding
- PayiQ Payments Intelligence® solution
- Game changing proprietary loyalty and gift card program
- Card issuing solution

PayiQ, a Quisitive company, is an innovative payment processing and data insights company whose automated solutions were designed by industry veterans to streamline and optimize payment processing and merchant management operations.

It is the only payment processing platform solution with a cloud-enabled architecture that delivers a full suite of acquiring, issuing, and processing services with unmatched speed, security, and access to your data.
